## [Notice] New Regulation in Vietnam

Circulation Number: 6889/TCHQ-GSQL

On November 23, 2018, the Vietnamese customs announced a new regulation regarding all import cargos to Vietnam.

The purpose of this regulation is mainly to control and focus on the Plastic/Scrap-waste commodities import to Vietnam which recently caused many Long-staying/Unclaimed cases. It is told that the same will be applied to FAK cargos as well.

SM Line received a grace period regarding this case, nevertheless, we request our valued customers to be prepared and follow the new regulation to comply with the Vietnamese customs' requirements.

So far, requirements from the customs is known as below. Once received any new guidelines from them, we will further inform. Until then, please stick to the below guideline and provide the required information from the upcoming vessel.
